

SDSU Dana J. Dykhouse Football Stadium

Brookings, SD

The project scope involved construction of an all new football stadium to replace the Coughlin Alumni Stadium at its current location. Features included seating capacity of approximately 19,300 spectators, premium seating (suites, loge boxes, and club seating), new field turf system, concession facilities, operation and support facilities, visiting team locker facilities, broadcast, meeting, coaching, press facilities, restroom facilities, concourse and circulation spaces. This project was a joint venture with JE Dunn Construction.

This project won the 2017 AGC South Dakota Build America Award.

The project is targeting LEED Silver.
