

Sanford Health Ava's House

Sioux Falls, SD

Ava's House by Sanford, provides 24-hour nursing care to patients of all ages in a home-like environment. It ensures that patients have a comforting place to turn to when symptoms and pain are beyond the scope of care currently provided at the Sanford Hospice Cottages or delivered in the hospital, long-term care facilities or in-home settings. Ava's House will feature 16 adult patient rooms and four pediatric patient rooms.

Honoring its namesake, Ava Holder, who passed away at four years old after a courageous battle against cancer, Ava's House will also offer one of only four in-patient pediatric hospice programs in the country.
