

Vance Thompson Vision

Sioux Falls, SD

Vance Thompson Vision is a 33,175 sq. ft. medical building designed around the center's laser cataract surgery technology. Besides a clinic, it includes a surgery center, phone banks and record keepers. The building has 10 lasers for various procedures, including cataract and Lasik eye surgeries. It also includes the Artisan 57 Skin and Laser Center, which offers skin rejuvenation services.

The project is **LEED Certified**.
