**SDSU Stanley J. Marshall Center:** Precast installation is ongoing, over half of it has been completed. Masonry is in progress at the stair tower. Work will begin on the center wall so we can finish out this aspect of construction. We anticipate being able to pour the penthouse slab on deck as soon as the weather allows. We will continue with the east and west slabs of the north half of the building after the penthouse is poured.

## Training Room and Breakroom Remodels

Henry Carlson Construction did a little remodel of their own! We converted an office into the new lunch room and the former lunch-room into the new training room. Thank you to Foss Security for

installing the new wireless Crestron system, phone system, speakers, TV and projector screen in the training room and in our conference room. Thank you to Jeremy Kessler's crew for all of their work on both rooms.

## March Madness

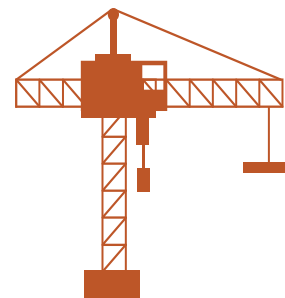

We held a NCAA March Madness tournament among a few of the employees. Brooke Cosand was crowned the winner and won \$200. Kyle Hubers won \$50 for second place.

## Clothing Orders

If you want to order ASCO or HCC company apparel, please ask your superintendent for an order form. Additional options are available online at [www.sanmar.com](http://www.sanmar.com).

Please have all order forms to Jessica Riesselman at [jriesselman@henrycarlson.com](mailto:jriesselman@henrycarlson.com) by **April 30th**.
