See who won!

SDSU FIRST BANK & TRUST ARENA . HCC

SDSU First Bank & Trust Arena: We're wrapping up the punchlist and putting the final touches on the SDSU First Bank & Trust Arena project! The MEP systems are fully commissioned, and owner training is nearly complete. We're also finishing some metal panel work on the Student Entry.

SDSU Athletics has already hosted an incredible lineup of events in the new space, including a full volleyball season, multiple wrestling events, and the first half of the Men's and Women's Basketball season.

We're excited to see this state-of-the-art facility in action and how it continues to serve the SDSU community!

Following that, flooring will be installed, along with music and instrument storage casework.

RONALD MCDONALD HOUSE FUNDRAISER

Through our weekly office meals and football pool, Henry Carlson Construction and ASCO raised \$1,500 for the Ronald McDonald House Charities. We were able to donate \$1,000 in toys and \$500 in groceries, bedding and towels. Ronald McDonald Houses provide a temporary home-like living space for families of ill or injured children receiving treatment at nearby medical facilities.

We learned about some great ways to support their mission:

- Meals from the Heart – currently done about eight times a month, but they'd love to see more people get involved!
- Pop Tab Collections – did you know one tab has more aluminum than the whole can? Recycling these raises \$600-\$700 each month.
- Wishlist Wednesday – check out their social media/website for weekly needs to help families in their care.

Thank you to everyone that participated in our fundraising this fall!

HCC & ASCO CHRISTMAS PARTY

The Henry Carlson Construction & ASCO Christmas party at The District was an absolute blast! January 17th was filled with holiday joy, incredible food from ROAM (seriously, the food was amazing) and lively casino entertainment courtesy of Dakota Entertainment.

A big congratulations to all our winners - you made the night even more exciting! It was wonderful to see everyone from both ASCO and Henry Carlson Construction come together to celebrate.

Here's to an amazing year ahead!

END OF SEASON AWARDS

At the close of the 2024 season, Travis Haarsma invited ASCO employees to nominate outstanding field personnel for the 2024 ASCO Year-End Awards. To ensure fairness, superintendents and project managers were not eligible for nominations.

Congratulations to the following winners:

- **Jeff Jungen Kindness Award:** Amy Costa
- **Teamwork Award:** Four-way tie: Ryan Merrill, Damon Whaley, Rob Rosencrans and Tevin Boehrns
- **Ironman Award:** Ferdy Hot and the Second-place winner was a tie between Rob Rosencrans and Vance Sevryn
- **Coach of the Year:** Tevin Boehrns
- **Safety Award:** Two-way tie: Ryan Merrill and Joe Schnellbach

Thank you to all of our field personnel for your hard work and dedication throughout the season. Your efforts do not go unnoticed, and these awards are a testament to the incredible contributions you make every day.

EMPLOYEE SPOTLIGHT

Jake Otto

Q Family background, etc. hometown, where have you lived, etc.?

A I have been married to my wife for 13 years. We have three kids. My son, Xzavier 15, daughter, Kadence 13, and youngest, Vivienne 4.

A Born and raised in Pipestone, MN. Moved to Gila Bend, AZ in 2015 and returned to Humboldt, SD In 2021. In 2023 we found an acreage just north of Vermillion. We have plans to turn it into a hobby farm over the next few years.

Q Job title and how long have you been at HCC? How did you get your start?

A I am a Superintendent for HCC. I have been here a little over one and a half years and am really enjoying this opportunity. I am learning a lot on the commercial construction side!

A I started in the construction industry at a young age. My dad was a general contractor when I was very young. I was always with him in the summers, and during school breaks, I was pushing a broom at five; running a skill saw at eight, or operating a payload loader at age 10. And who can forget the snow removal rout (I can very easily). I took the 2-year course for carpentry at Minnesota West in Pipestone. And a few years after that, I partnered with my Dad for 17 years. I received my GC license in Minnesota, and took my tests to be a building inspector in Minnesota.

Q What have you always wanted to try and never have?

A Scuba diving would be fun, just not in the lakes around here. A coral reef or shipwreck would be really fun to see from that perspective.

Q What would a “perfect” day look like for you?

A Sitting at an antique farm show running several of the hit and miss engines that my family owns. Or could be on a lake ice fishing with my kids.

Q Where is the best place you’ve traveled to and why?

A Big Island Hawaii is the best place I have ever traveled. It was all seasons, and environment in one little place. The people were friendly, and it was just an all-around beautiful place

Q If you could do another job for just one day, what would it be?

A I would like to shadow-help a physicist working on zero-point energy. Not sure if I would be any help, but this field is so interesting to me.

Q What are you currently binge watching?

A I just finished Secrets of Skinwalker Ranch. And am starting on Blind Frog Ranch.

Q What is the first thing you would buy if you won the lottery?

A My house. And a shed.

Q What is your favorite place to eat/shop/visit in the Sioux Falls area?

A Uncle Ed’s Specialty Meats. Falls Park during the light show.
