Sanford 32 & Ellis Clinic - Sioux Falls, SD

City Administration Building - Sioux Falls, SD

Royal River Casino - Flandreau, SD

Spencer Quarries - Spencer, SD

Spencer Quarries - Spencer, SD

Spencer Quarries: The construction on the primary crushing tower for Spencer Quarries is ongoing. They just set the last feeder unit this week and are working on the rest of the structure. The footings and foundations are complete for the rest of the project. We are waiting on the arrival of the steel for the second tower, so the second crew can start. We are expecting the project to complete June 2018.

SDSU Stanley J. Marshall Center - Brookings, SD

SDSU Stanley J. Marshall Center - Brookings, SD

SDSU Stanley J. Marshall Center: We are finishing work on the concrete foundations and backfilling. Steel erection started February 12th. About a third of the building is up to date. The 96 foot trusses came on a turn bed truck in one piece, which was impressive to see such a large truck load. The steel crew should be done within the next two to three weeks.

Canton High School Tour "Banjo Dan"

On February 7, superintendent Joe Turpeinen gave a tour of the progress of the Performing Arts Center at Canton High School to the Canton High School building committee.

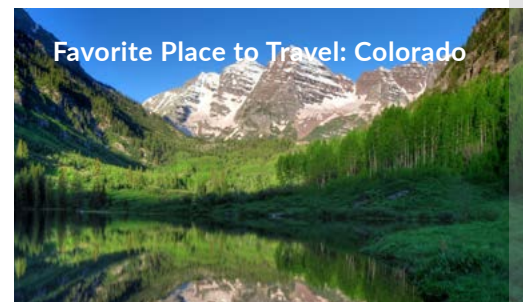

During the tour, Jans Corporation employee "Banjo Dan" played his banjo for the crowd!

Work on the Performing Arts Center is expected to complete in October. Architecture Incorporated is the architect.

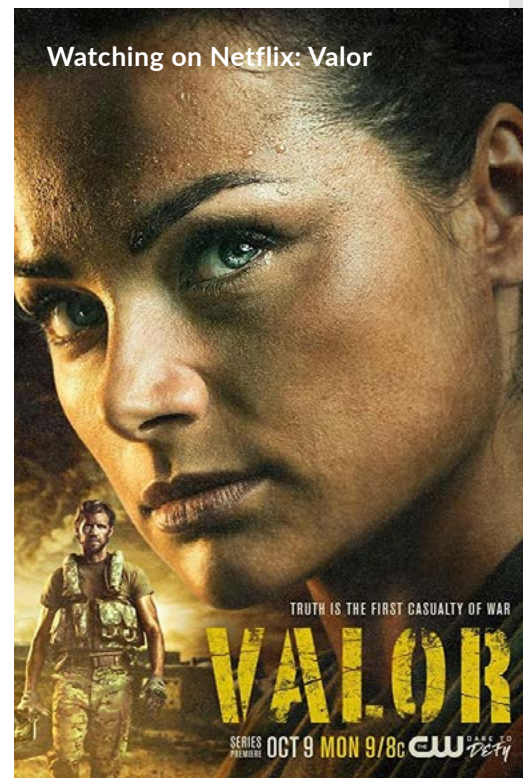

Employee Spotlight: James McMahon

I asked Henry Carlson Construction's James McMahon a few questions about himself. Here are his answers.

Favorite Place to Travel: Colorado

Watching on Netflix: Valor

1. **Family background.**
Grew up on a family farm near Hartford, SD. My dad farms, Mom works at Sanford, one sister that teaches third grade in Dell Rapids.
2. **Job title and how long have you been at HCC?**
Field Engineer - I have been with Henry Carlson Construction since January 2016 (2 years and 1 month)
3. **What do you like to do on your days off?**
Anything to "escape" and relax. Work on the farm, hunt, fish, camp, travel, etc.
4. **Most famous person you have met?**
Nothing special here, most famous would be John Thune.
5. **Where is the best place you've traveled to and why?**
My favorite place to travel is Colorado. I enjoy escaping in the mountains and enjoying the fresh air, scenery and of course the views.
6. **If you could live in any time period, which one would you choose and why?**
Tough one - probably the early 1900's. I enjoy seeing pictures from that time period, how things were done, life seemed simpler before everything became so fast-paced and overly political.
7. **What is your favorite thing to do in Sioux Falls, SD?**
Pretty boring here - I enjoy a simple night of going out to eat and seeing a movie or bowling. Going to the range and shooting would be a close second.
8. **What are you currently watching on Netflix?**
Currently I'm finishing a season called Valor, about an Army Special Operations unit. Also waiting for new episodes of the Ranch to come out
9. **What is the first thing you would buy if you won the lottery?**
Pay off debt for myself and my family, then use what's left to buy an acreage somewhere in the mountains away from a big city.
10. **If you were on death row, what would your last meal be?**
Hard to beat a good steak and potatoes meal.

Chris Schoffelman

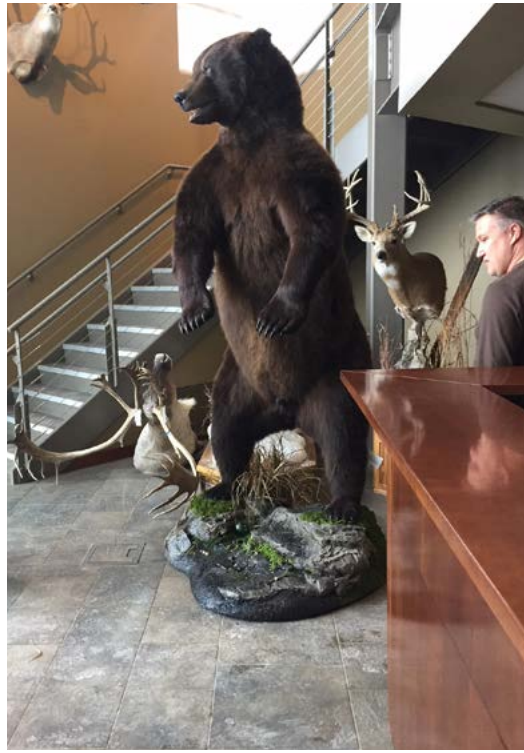

Mike Ralston

Henry Carlson Construction New Positions

Two Henry Carlson Construction employees have new roles with the company. Chris Schoffelman has been promoted to Superintendent. Chris has been with the company for 18 years.

Mike Ralston is moving from a Project Manager role to a Preconstruction Services role. He will be a part of the pre-construction team, along with Dave Derry and Alan Breck. Mike has been with Henry Carlson for 11 years.

A Piece of History

During her office organizing, Brenda Laue found an historic wage rate sheet from the Crippled Children's Hospital & School Rehabilitation and Nursing Wings project from 1956.

Children's Care Hospital & School opened in 1952 as the private, non-profit "Crippled Children's Hospital & School," a citizens' grass roots effort to provide rehabilitation and education to children recovering from polio. Until then, children often never returned to school after recovering from the acute phase of their illness, as buildings were seldom accessible.

Below is a sampling of labor rates for the project.

Rates:

Position	Hourly Rate:
Asbestos Installers	\$2.60
Bricklayers	\$3.25
Carpenters	\$2.425
Electricians	\$2.75
Ironworkers	\$2.75
Laborers	\$1.65
Painters	\$2.20
Plumbers	\$2.925
Truck Drivers	\$1.65

Lobby Bear

We have a new addition to the lobby at Henry Carlson Construction/ASCO. Chip's brown bear that he shot while on his Alaskan hunt, was delivered to the office mid-February. Jim Richarz, Duane Dangle, Greg Mohr and Jon Kraft set up the giant in the lobby.

Anniversaries and Birthdays

March Anniversaries

- » Daniel Benthin 1 Year
- » Duane Dangle 3 Years
- » Ryan Opland 5 Years
- » Jim Richarz 8 Years
- » Jeff Bergseth 11 Years
- » Jon Kraft 18 Years
- » Jeff Jungen 40 Years

April Anniversaries

- » Brandon DeJong 1 Year
- » Joey Watson 1 Year
- » Matthew Best 2 Years
- » Stefany Foster 2 Years

- » William Hadrath 2 Years
- » Nicholas Combs 3 Years
- » John McCollister 3 Years
- » Dean Parisien 7 Years
- » Randy Jensen 10 Years
- » Jeremy Kessler 10 Years
- » Greg Mohr 13 Years
- » Scott Mohr 31 Years

March Birthdays

- » Josh Heutzenroeder 1st
- » Kyle Hubers 1st
- » Brooke Cosand 3rd
- » Landon Rupp 4th
