Sanford Health Van Demark Building Update

Project Expeditor Brenda Laue gives an update for the Sanford Health Van Demark project.

At the Sanford Health Van Demark Expansion, the structural steel is set and the Henry Carlson Construction crew has the 4000 Level decking installed. Work for the roof decking, miscellaneous metals and stairs are on the upcoming schedule. We plan to place the first concrete slab at the end of March. Exterior metal stud walls are being pre-fabricated on site and will be installed onto the building structure beginning in April. Miscellaneous work inside the existing building continues with work on the new three-hour fire wall in the lower level to begin in May.

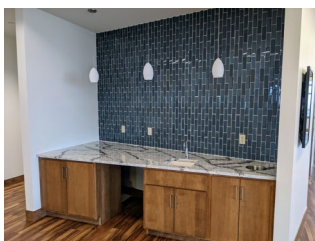

First PREMIER Bank Corporate Office Update

Field Engineer Matt Kolbeck provides an update for the First PREMIER Bank project.

At First PREMIER Bank, we received temporary occupancy at the beginning of March and the owner started to move in. The executives began moving into the upper floors mid-March and the other floors will continue behind throughout the month of March and into April. **The owner plans to officially be open for business April 12th.**

Throughout the building, contractors are taking care of punchlist items and owner-vendor items are continuing as well. Once the weather cooperates, we will finish landscaping outside, as irrigation, trees, mulch and sod still need to be installed.

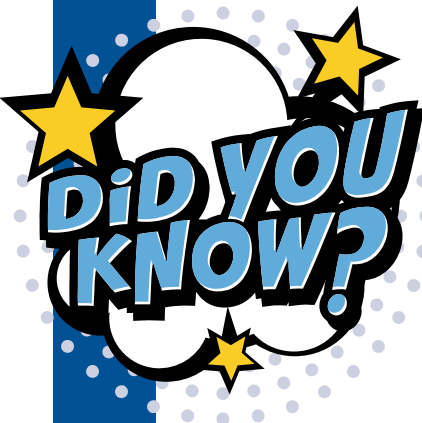

Safety Lunch

Safety Celebration

Corporate Safety/Risk Manager, Ron Faber, coordinated several safety lunches for our HCC employees to celebrate site safety. Free lunch was provided to our crews at 3M Aberdeen, 3M Brookings In-House, Brookings County Detention Center, First PREMIER Bank, South Dakota State Penitentiary Jameson Annex, Flandreau Care Center, Harrisburg Waste Water Treatment Facility, LG Everist Rowena, Sanford Van Demark, Sanford In-House crew and Sutton Bay. GREAT JOB everyone on your continued effort to work safely! Keep up the great work!

Sanford Health insurance members are eligible to participate in the Fitness Center Reimbursement Program which provides up to a \$20 monthly reimbursement when you use your fitness center a minimum of 12 days per month. Visit [NIHCarewards.org](https://www.nihcarewards.org) to see if your fitness center qualifies or contact [Miranda Bunde](#) for more details.

Employee Spotlight

Travis Hatlestad

Q Family background, hometown, where have you lived, worked, etc.?

A I grew up in Sioux Falls, went to SDSU, moved to Omaha to work for Kiewit, and then moved back to Sioux Falls after having our kids. While I was at Kiewit I got TS government clearance and was relocated to Washington DC where I worked on projects at the National Security Agency campus.

Q Job title, how long have you been here and how did you get your start at HCC?

A Project Manager for 7.5 years. My wife and I are both from Sioux Falls and after we had our son we decided that it was time to move back "home". After sitting down to interview with Chip, Jerry and Chad, I knew that this was the place I wanted to work.

Q Project you worked on that you are most proud of?

A Not the largest or most complicated project I have been involved in, but I would say Graham Audi.

Q What aspect of your job do you enjoy the most?

A I enjoy being part of landmark projects, but I absolutely love working with new clients. I like the challenge of figuring out what is important to them, what hot buttons they have, what quirks they have, and then navigating with them through the design/construction/closeout process to deliver a successful project and hopefully creating a lifelong HCC repeat client.

Q What would we most likely find you doing on the weekend?

A My kids are 9 and 7, so doing as much with them and my wife as possible. Usually it involves a baseball, hockey puck, soccer ball, snowboards, bicycles, camper, boat, RC cars, board games or anything else that keeps us active together.

Q What is something you enjoy doing when you have your own free time?

A Work on my 1951 Chevy 3100

Q If you won the lottery, what is the first thing you would do or buy?

A After I wiped the puzzled look off my face, I would come to work just like normal. Then I would figure out a way to keep everyone else from knowing. I already have real friends I don't see enough, the last thing I need is more "friends".

Q People would be surprised if they knew:

A I hate crowds. I like being around people, but being part of a crowd drives me crazy.

Q Which show or podcast are you currently watching/listening to?

A Nothing at the moment, waiting for the next season of Kim's Convenience.

Q Where's your favorite place to eat in the Sioux Falls area and what do you always order?

A Carnival – The pineapple is my favorite.
