Field Engineer Matt Kolbeck updates us on the progress at First PREMIER Bank's corporate office.

We are currently starting to tape first and second floors on the south side of the building and will progress to the floors above. We are working towards being complete up to the fourth floor with taping the first week of August.

Framing and mechanical overhead work has been continuing on the north side of the building from fifth (executive floor) down to first floor. The metal panels on both penthouses has started and we should wrap that activity up within the

next week. That crew will transition to installing the composite panels next on the halo system. We just completed installation of the bank vault on first floor this week as well.

On the exterior, we are continuing to backfill on the south side of the parking structure and have our last slab placement in the basement of the building proper this week. Also, backfill work has progressed at the slab on-grade in the parking structure to get ready for the Henry Carlson Construction precast crew. We plan on having our crew back in August to set double tees on the parking structure.

# HCC Hires New Field Engineer and Promotes Employee

Keaton Bohnenkamp joins Henry Carlson Construction as a Field Engineer. Amanda Painter is promoted to Controller.

Keaton Bohnenkamp

## Keaton Bohnenkamp

Henry Carlson Construction has hired a new field engineer, Keaton Bohnenkamp. Keaton will be working at the South Dakota State Penitentiary Jameson Annex with Superintendent Joe Turpeinen.

Keaton's parents are Todd and Jodi and he grew up in Remsen, Iowa. He has a younger brother, Parker, and a younger sister, Tessa.

Keaton graduated from South Dakota State University with a degree in construction management. He knew he wanted to study construction management after he worked in the construction field every summer growing up in Iowa.

When he is not working, Keaton loves to hunt and spend weekends with family and friends.

"I am very much looking forward to working at Henry Carlson", Keaton said. Welcome to the team!

## Amanda Painter

Congratulations to Amanda Painter on her promotion from project accountant to controller at Henry Carlson Construction. Amanda has been assisting with the controller duties since the position became open in March and has now officially taken on the role full-time.

Amanda has a bachelor's degree in accounting and a master's degree in human resource management. She has over 16 years of accounting experience in the construction industry. Congratulations, Amanda!

Amanda Painter

## OSHA 10 Hour

The 10-hour OSHA class is intended to provide workers with awareness of common job-related safety and health hazards. AGC of South Dakota Workforce Development's Michael O'Neal trained, tested and passed the following Henry Carlson Construction employees.

- Jeff Bergseth
- Ron Bissel
- Randall Erickson
- Jason Janzen
- Steven Jedlicka
- Todd Johnson
- Allan Morales
- Jesse Olson
- Dean Parisien
- Austin Sanow
- Isaac Wieseler
- Jesse Worthley

## Employee Spotlight

# Scott Amundson

**Q Family background, hometown, where have you lived, etc.?**

**A** I grew up on a farm outside of Colton. After high school I spent some time in Fargo, Brookings and Sioux Falls before moving back to Colton where I live now with my wife, Riley, and our daughter, Axton.

**Q Job title, how long have you been here and how did you get your start at HCC?**

**A** BIM Coordinator and I've been here a little over a year now. My wife was searching for jobs for herself online when she found the job listing and put my name in. She still likes to remind me that I owe it to her.

**Q What aspect of your job do you enjoy the most?**

**A** Probably the preconstruction planning, creating our computer animated 4D schedule and using that to refine our construction schedule.

**Q What would we most likely find you doing on the weekend?**

**A** Working on our farm and spending time with my family.

**Q Where is the best place you've traveled to and why?**

**A** Probably Montana, that was the first vacation we got to bring our daughter on.

**Q If you could learn to do anything, what would it be?**

**A** I'd say learn to be a better hunter so my office could fit in better around here.

**Q Which show or podcast are you currently binge watching/listening to?**

**A** Waiting for the latest season of The Blacklist to come on Netflix, until then, just listening to Joe Rogan Podcast.

**Q People would be surprised if they knew:**

**A** I tried really hard to think of something else, but I can wiggle my ears.

**Q If you won the lottery, what is the first thing you would do?**

**A** I'd need input from my wife or I'd never make up my mind. Either take a trip to one of my bucket list places like Iceland, or do something altruistic like buy an offensive line for the Minnesota Vikings.

**Q Where's your favorite place to eat around here and what do you always order?**

**A** Probably ribs from Famous Dave's
