271st Street, I-29 Tea Exit

South Cliff Avenue

Bridgewater, SD

271st Street and Highway 11

Anne Rice took these photos at 271st Street and Highway 11. A truck tire went into a sinkhole. The ASCO team worked together and got the truck out. Ann said the second picture doesn't do it justice. The darkness actually went very deep and she said she was surprised the truck didn't sink.

Sanford Health Van Demark Building Update

Project Expeditor Brenda Laue gives an update for the Sanford Health Van Demark project.

The upper level of Sanford Health Van Demark is starting to take shape! The Henry Carlson Construction crews are working on stair installation as part of the expansion work and millwork as part of the work in the existing building's Lower Level. Mechanical and electrical work is being done and other subcontractors are working on window installation, EIFS and fireproofing. The plan is to begin interior wall framing in August.

Brookings County Detention Center Update

Field Engineer Keaton Bohnenkamp provides an update for the Brookings County project.

Things are moving along here at the Brookings County Detention Center. We are in full swing with MEP in the cell area along with the kitchen. Once the MEP subcontractors complete most of the overhead work above the cells, HCC will then go ahead and install the guardrail that raps the upper cells. Fixtures are beginning to be installed inside the modular cells along with security hardware right after.

We held off the masons to allow more access for the MEP

subcontractors in the cell area, but now that the MEP subs have had a chance to get a head start, the mason will come in and finish laying up all of the walls. Initial coats of paint are being applied to some of the walls and will continue as more walls go up.

We are satisfied with how things have come along so far and look forward to seeing the finished product.

Employee Spotlight Ibrahim Ali

Q Family background, hometown, where have you lived, worked, etc.?

A My name is Ibrahim Ali. I was born and raised in Baghdad, Iraq with my parents and six siblings. I was an interpreter with the US Army during the OIF (Operation Iraqi Freedom) and after that I came to the United States in 2009.

Q Job title, how long have you been here and how did you get your start at HCC?

A While I was attending SDSU for my college degree in 2018 and during the career fair, I applied at HCCO. At first, I was an intern at the Sanford Summit League. Since then, I've worked on different job sites for the company until graduating from school. Now I'm the field engineer for the Jameson Annex remodeling project.

Q What aspect of your job do you enjoy the most?

A I like construction generally, but the most I like about it is when I look at a flat ground turning to a building and when I see it in the future. I feel proud that I know I was part of the great team that build it.

Q What would we most likely find you doing on the weekend?

A Most of my weekends I spend with my friends and family, go out to eat and do fun activities.

Q If you won the lottery, what is the first thing you would do or buy?

A It depends on how much it is. First I'll buy land and build my dream house, then I might open a small business.

Q What is the number one thing on your bucket list?

A My first priority is to be a successful person in my life and my job.

Q If you had to eat one meal, every day for the rest of your life, what would it be?

A This is a tough question because I like a variety of food, but when it comes to one meal, I will choose steaks and vegetables so I can get the protein and fiber that my body needs to live.

Q Where is your favorite place to take a vacation?

A Anywhere with a beach.

Q Which show or podcast are you currently binge watching/listening to?

A I like action and suspense movies and TV shows; at the moment I'm watching Blacklist.

Q Where's your favorite place to eat in the Sioux Falls area and what do you always order?

A There are a quite few good places to eat in town. My favorite place is Texas Roadhouse. I like their ribeye steak.

ANNIVERSARIES AND BIRTHDAYS

August Anniversaries

- Seth Bettin 1 Year
- Ron Faber 1 Year
- Tent Johnson 1 Year
- Jacob Lehrkamp 1 Year
- Trevor Overweg 1 Year
- Edward Tounjian 1 Year
- Cody Vissers 2 Years
- John Arndt 3 Years
