OPEN HOUSE *Celebration*

 **First Bank & Trust**
ARENA

SDSU FB&T ARENA OPEN HOUSE SEPT. 27

South Dakota State Athletics will host an open house Sept. 27 to celebrate the First Bank & Trust Arena renovation project. The event begins at 5 p.m. and will consist of self-guided tours of the entire facility, with student-athletes on hand to visit with guests. The Friday evening celebration concludes with a short program in the arena at 6:30 p.m.

Congratulations

KYBURZ-CARLSON
CONSTRUCTION

Mike Dolney

16 Years at Kyburz-Carlson Construction

Mike Dolney Retired on June 27, 2024. Mike worked for Kyburz-Carlson Construction for 16 years as a Superintendent. Congratulations!

Welcome Home

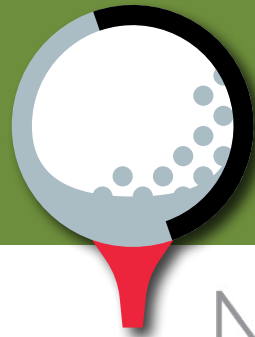

Reece Miller

Welcome home Reece Miller! Reece was in the Middle East from August 2023 through April 2024 and was deployed to Kuwait in support of Operation Spartan Shield. He also spent time in Egypt and Saudi Arabia. Most of his time was spent training allied forces on CBRN Decontamination Operations. They conducted training with multiple countries, learning from them, as well as teaching them.

He had the opportunity to see the Pyramids and the Mediterranean Sea while in Egypt. Reece said he reenlisted in the Army for another 6 years during his deployment. Thank you for your service and we are happy to have you back!

GOLF

NAWIC Outing & Fundraiser 2024

Update from Kara Jennings: June 13th NAWIC Golf Outing

First, thank you to everyone who played. Even with the random spurts of rain, it was a lot of fun. I appreciate everyone who took the time out of their day to represent Henry Carlson Construction at a NAWIC fundraiser. This tournament was a four-person scramble, and we were honored with two sponsored team spots. Team one finished with -6 and team two finished +1.

I would also like to highlight some of the fun we had. Shoutout to Court Ecklund for letting Trevor Overweg use your clubs because when you are 6'7", it looks awkward to use a women's clubs designed for someone who is 5'2". Trevor even crushed it with clubs that weren't his. Shoutout to Josh Gangestad and Keaton Bohnenkamp for their almost hole in one.

Thank you Matt Neff for choosing our golf tournament over another one, and congrats on your chipping pin prize. He was one of six to win it on his first try. Congrats to Dessie Taylor for playing her first ever golf game, plus she even sunk a 20' putt and won a few pin prizes! Congrats to Natalie Poppens for winning one of the longest drive pin prizes too! Big thanks to Trevor, Court and Natalie for filling in at the last minute, we couldn't have created two full teams without you.

Other special thank-yous. Thank you to Tom Novak for recommending Natalie last minute, she was a great asset to have on the team. Thank you, Sherry Stapleton and Amanda Painter, for encouraging me to create two teams, plus both of them volunteered all day to help organize it.

If anyone is interested in representing Henry Carlson Construction at next year's golf tournament, feel free to reach out to me.

Court Ecklund, Trevor Overweg, Kara Jennings, Matt Neff, Keaton Bohnenkamp, Josh Gangestad, Dessie Taylor, Natalie Poppens

NEW EMPLOYEES

Please welcome our newest employees!

Court Ecklund, Project Manager

I am originally from Sioux Falls, but now reside on an acreage near Elk Point with my wife, Sarah, and our new baby boy, Barrett, born on February 22, 2024. I studied biology and played football at Northwestern College in Orange City, Iowa. After graduating in 2016, I began my construction career working for a homebuilder, later moving into a project management role for a commercial subcontractor, Olympic Companies. In this role, I had the opportunity to work with HCC on several projects over the course of about five years.

In my free time, I enjoy hunting of all kinds, especially with family and friends. My wife and I love spending time in the Black Hills and traveling whenever we get the chance.

Working in the construction field has been immensely fulfilling for me. It has given me the opportunity to build lasting relationships with great people, while working together toward a finished product that everyone involved can take pride in.

Patrick Wilde, Field Engineer

I graduated from South Dakota State University with a major in construction management. I am from Sioux Falls originally. Before coming to Henry Carlson, I worked as a laborer for JMJ Caseworks and I interned with Stockwell Engineers over the last two summers. During my last semester of school, I worked part-time on the First Bank & Trust Arena project in Brookings as a laborer. Outside of work, I like to spend as much time as I can with friends or fishing.

I like working construction for the new challenges I face everyday and learning more about the changes that come with it.

Natalie Poppens, Field Engineer

I graduated from South Dakota State University with a Civil Engineering degree. I grew up in Tea, South Dakota. Outside of work I like to golf and hunt.

I enjoy working in the construction field because every day is different. Every day requires innovative solutions and adaptability.

Dustin Poor, Shop & Equipment Manager

We are excited to introduce Dustin Poor, Kyburz-Carlson Construction's Shop and Equipment Manager. Dustin studied Machine Tool Technology at Lake Area Tech in Watertown. He brings extensive mechanical, equipment, and maintenance experience to the Kyburz-Carlson Construction team.

SAFETY SPOTLIGHT

The New School Year is Approaching. Some Safety Advice.

According to research by the National Safety Council, most of the children who lose their lives in bus-related incidents are 4 to 7 years old, and they're walking. They are hit by the bus, or by a motorist illegally passing a stopped bus. A few precautions go a long way toward keeping children safe:

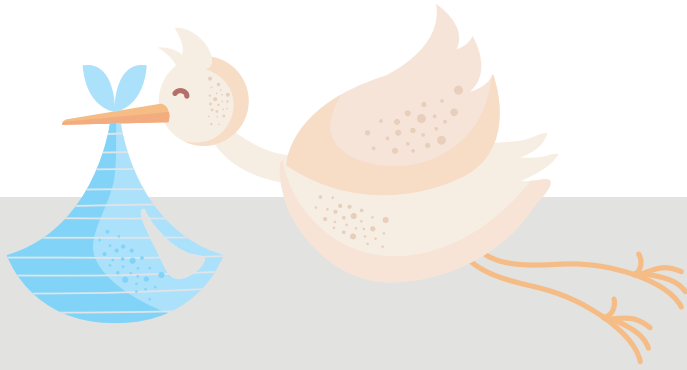

- Don't block the crosswalk when stopped at a red light or waiting to make a turn, forcing pedestrians to go around you; this could put them in the path of moving traffic
- In a school zone when flashers are blinking, stop and yield to pedestrians crossing the crosswalk or intersection
- Always stop for a school patrol officer or crossing guard holding up a stop sign
- Take extra care to look for children in school zones, near playgrounds and parks, and in all residential areas
- Don't honk or rev your engine to scare a pedestrian, even if you have the right of way
- Never pass a vehicle stopped for pedestrians
- Always use extreme caution to avoid striking pedestrians wherever they may be, no matter who has the right of way
