Employee Retirements

Alan Breck plans to retire in August after an impressive 34 years with the company.

This summer, we are celebrating several longtime employees as they begin their well-earned retirements.

Jim Smith retired from Henry Carlson Construction on June 30 after 20 years of dedicated service.

Craig Sanford retired on July 15 after 30 years with Henry Carlson Construction.

We thank Jim, Craig and Alan for their many years of hard work, dedication and contributions to Henry Carlson Construction. Their experience and commitment have made a lasting impact on our company, our projects and the people they have worked alongside. We wish them all the best in retirement!

SANFORD IN-HOUSE Update

Van Demark 1.5T MRI

Our team recently completed the new Van Demark 1.5T MRI space.

West Patient Building IR #9

IR #9 in the West Patient Building is undergoing a remodel to accommodate new equipment and updated clinical space.

EM Residency

Work is progressing on the EM Residency Area B, which includes a new conference room, break room and office. Improvements to the surrounding corridors include new flooring, wall vinyl and Acrovyn wall protection.

Van Demark 3T MRI

Our team is building out an existing shell space to accommodate an additional 3T MRI adjacent to the 3T MRI space we completed last year.

Heart Hospital OR #55

Work recently began on the renovation of Heart Hospital OR #55, with containment and demolition now underway.

MB2 Audiology

Following the relocation of Pediatrics, our team is remodeling approximately half of the floor to create a new home for Audiology. The project includes new offices and dedicated spaces for the department's sound booths.

Upcoming Projects

The momentum continues with several additional projects on the horizon, including a Diabetes and Thyroid remodel encompassing the entire ground floor of the Heart Center building, as well as a Cancer Center linear accelerator renovation that will include remodeling the existing space and installing new equipment.

Along with these major projects, our team continues to manage multiple smaller renovation projects throughout the campus. It has been a very good, and very busy year, and we are proud of the progress being made across each of these spaces.

Family Summer GATHERING

On July 16, Henry Carlson Construction employees and their families gathered at Thunder Road for an evening of food, fun and making memories.

Every year, it's so much fun to catch up outside of work, watch the kids race around, and realize just how much they've grown since last summer.

Thank you to everyone who came out and made it another great night!
