Henry Carlson Construction Hires New Superintendent

Henry Carlson Construction hired a new superintendent in September. Joe Turpeinen is currently working at the Canton High School Performing Arts Center job site.

Outside of work, Joe enjoys grilling and/or smoking. He usually tries to grill something every weekend, even in the winter. He also enjoys woodworking and has managed to set up a shop large enough so that his vehicles will never see the inside of his garage. Joe and his wife, Kendra, have three sons; Oliver who is 10, Owen, nine, and Henry, eight. Kendra is finishing her Phd in education.

Before moving to Sioux Falls, Joe spent a large portion of his career as a self-employed builder, then bounced all over the country working for other general contractors such as Mortenson. After years of being a road warrior though, he is looking forward to settling in Sioux Falls with his family.

Sanford Imagenetics Ribbon Cutting

Sanford Health held a ribbon cutting ceremony September 27 for the newest addition to their growing campus in Sioux Falls. The ceremony was held on the building's social stairs, which will be used for presentations and conferences. Mayor Mike Huether attended the event and listed many of the buildings that Sanford has built since 2007.

Sanford Imagenetics recognizes the impact genetics has on diagnosing and treating certain health conditions, they integrate genetic medicine into everyday primary care

Sanford Ava's House Ribbon Cutting

Sanford Health Ava's House held its ribbon cutting ceremony October 5. Ava's House is hospice care that contains 20 suites, divided into five neighborhoods. Neighborhoods all contain common imagery based on distinct theme featured throughout neighborhood: dragonfly, butterfly, stream, oak and cardinal.

Ava's House is named after Ava who developed neuroblastoma when she was 18 months old, and spent most of her life in and out of hospitals around the country. Shortly before her 5th birthday, the family was told there was nothing more medically that could be done for Ava. She was admitted to a pediatric hospice facility in Phoenix, AZ called Ryan House, one of only three pediatric hospice facilities in the nation at the time. Ava passed away at the age of four.

Employee Spotlight: Josh Coyle

I asked Henry Carlson Construction field engineer Josh Coyle a few questions about himself. Here are his answers.

1. **Family background.**
I grew up on a dairy farm in northern Minnesota. I built and worked on cell towers until I got married to my wife Bailey. We have a seven-month-old daughter named Sawyer.
2. **Job title and how long have you been at HCC?**
Field engineer. I started July 2015.
3. **If you were stuck on an island what three things would you bring?**
I don't know.
4. **Most famous person you have met?**
Michael Cuddyer. No one especially famous.
5. **What would a "perfect" day look like for you?**
Late season deer hunting in the morning. Play some pool over lunch. Then close the night by ice fishing while I listen to the Vikings choke on the radio.
6. **Where is the best place you've traveled to and why?**
Alaska, everywhere you look is beautiful.
7. **If you could do another job for just one day, what would it be?**
Just for a day? President.
8. **What is the first thing you would buy if you won the lottery?**
I'd probably help my parents out so my Dad could quit milking cows.
9. **Favorite local restaurant and what do you always order?**
Carnival. A number 2.
